

BSR

This class is designed to teach you how to use your BSR (Bernina Stitch Regulator) Foot and all of its capabilities. Comes free with the purchase of the BSR.

The BSR presser foot reacts to the movement of the fabric under the foot, thereby controlling sewing speed. The set stitch length is maintained, irrespective of the movement of the fabric. Guarantees a more even stitch length with variable sewing speeds, making free-hand quilting fantastically simple.
